Love A History
Simon May

At the outset of Love: A History, Kings College Professor of Philosophy Simon May states that he has three principal aims: (1) to show how love has become a surrogate for God in the modern era, (2) to outline the illusions of this substitution, particularly the idea that love is unconditional, and (3) to propose a new way

Love A History

Simon May

Books

Simon May is not the first to say that love is our new religion, or to chart the history of changing concepts of love, but his is more than a history, and more than an analysis, of love; it is a polemic. He urges us to redefine and re-evaluate love, which, he says, we have got hopelessly wrong.
