Ships' Routeing IH927E by IMO - International Maritime ...

Ships' routeing, source: IMO All ships at all ages can potentially install the system, and therefore it is assumed that the entire fleet can install the measure. However, for existing ships, some ship segments (e.g. large container and ro-ro) have to a certain degree already implemented weather routing and, therefore, have a lower potential for fuel consumption reduction.

Weather routing - International Maritime Organization

The key points of ship routeing as mentioned by IMO are: Ship routeing is done with prime motive of traffic management. Taking into account activity over a particular shipping route, appropriate traffic lanes need to be set to avoid accidents. All the key elements for ship routeing are well defined.
