The High Blood Pressure Hoax: Rogers, Sherry A ...

Blood pressure drugs guarantee you will get worse, for they actually deplete the nutrients that cause high blood pressure, making sure you will need even more medications. They also shrink the brain and raise your risk of heart attack, senility and blindness. High blood pressure is not a deficiency of blood pressure-lowering drugs.

The High Blood Pressure Hoax by Sherry A. Rogers

The first thing to understand about The High Blood Pressure Hoax is that author Sherry Rogers considers hypertension itself to be no hoax at all, but a very real and serious symptom of vascular dysfunction that can be associated with numerous illnesses such as diabetes, heart disease and Alzheimer’s. As a marker of something out of balance in the body, high blood pressure is not to be ignored, Dr. Rogers emphasizes, and in fact she completely endorses, the recently recalibrated “normal ...

Amazon.com: Customer reviews: The High Blood Pressure Hoax

There is a much better way to reduce your blood pressure. Dr. Scott's Blood Pressure Control Program: Exercise: Consistent good exercise is one of your best tools for keeping your blood pressure low. Vitamin C: There are scientists who speculate that high blood pressure is actually scurvy (extremely low vitamin C). While that is not true, it ...

Blood Pressure Guidelines Are a Big Pharma SCAM - Living ...

Myth: Your numbers are too high.... Blood pressure naturally rises when we are stressed, in motion, tense or angry. The correct way to take your blood pressure is to sit without talking for 3 to 5 minutes, apply the correctly sized cuff to your arm, hold your arm across heart level and keep your body limp like a Raggedy Anne doll.

High Blood Pressure Myths and Lies

Untreated sustained high blood pressure leads to increased risk of heart disease and stroke. There are clear risk factors that are easily managed if the patient makes some simple lifestyle changes. In the case of hypertension, a simple 20 minute walk will reduce blood pressure by 5-10 points. I learned this from a doctor who would measure a ...
