The Reproach of Hunger - Verso

Throughout The Reproach of Hunger, Rieff warns against clinging to a blind faith in technology and progress as the answer to the problems of international development — not because he doesn't think they might bear fruit, but rather because such a faith is grounded in "a seemingly unshakable conviction that no countervailing perspective need be taken seriously and thus that there is no need for any 'Plan B'."

The Reproach of Hunger: Food, Justice, and Money in the ...

David Rieff's new book, The Reproach of Hunger: Food, Justice and Money in the Twenty-first Century adds to the conversation by offering a wide-ranging analysis of how the rich define "progress" and why their proposals to end hunger are based more on technological faith than science, and on hubris rather than empathy. This book takes on the heroic assumptions behind the calls for ...
