RC Jets - Tomahawk Viper Jet - ORIGINAL: consoleworld Hi Didier finally you are install the standard size servos in elevator ? Yes, I installed standard type servo's JR8311 in the elevator. The elevator surface is at least as big as my Ultra Lightning, not happy with 5kg servo's and P-120SE pushing this plane.[&:]

### The additional manual for the F-86 is... - Tomahawk ...

The Tomahawk Viper is a very good flying edf jet. In fact it is possibly to fly it in a manner that is almost impossible with most of the other edf jets on the marked. But it is a petty that Tomahawk have totally missed out on the static thrust. This plane really need static thrust as it is intended to hand launch and then it needs nearly 1:1 ...
